## HONOLULU OUGHT TO GET A BRANCH

Only Cities With Large Foreign Populations to Have the Postal Saving.

OAKLAND, July 25.—San Francisco is the only city on this Coast likely to have a postal savings bank for the present, in the opinion of Congressman Joseph R. Knowland.

"The most remarkable ignorance prevails concerning the act providing for such an institution," he said today. "An opinion prevails throughout the State that every little town can have a postal savings bank simply for the asking, whereas the matter is not in the hands of the postmasters at all, but is left to the discretion of the board of trustees provided for by the act."

"These trustees are the postmaster-general, the secretary of the treasury and the attorney-general, and they are empowered to designate such postoffices as they may select to be postal savings depositories. The board of trustees may have written to the various postmasters asking their opinions as to the best place for the establishment of such institutions, but I doubt it."

"Before I left Washington," he said, "I was informed that only cities having a large foreign population would be chosen, and the selection of San Francisco would prove that statement true. The act was intended to bring into circulation such money as would not come through the ordinary banks, and it is well known that the foreign population is not inclined to trust the banks. It puts its money in safe deposit vaults, or hides it in houses and other out of the way places. It is hoped that this money will go to the postal savings banks, as it will be absolutely safe there, with the guarantee of the government back of it."

"Postal banks will not appeal to Americans, as they want more than the two per cent interest allowed by the government, and they know they can get four per cent in perfectly safe banks."

"It has been said that the postal banks would harm the savings banks, but in foreign countries where they obtain this has not been found to be the case, as they only draw money that the savings banks would not get."

"This is merely an experiment by the government," said Congressman Knowland, "and the policy of the board of trustees is to go very slow and see how it works out, which is why I say that San Francisco is likely to be the only city in which the experiment will be tried on this Coast for some time."

### THE REFORM HE NEEDED.

Earnest But Proxy Street-Corner Orator—I want land reform; I want housing reform; I want educational reform; I want—

Bored Voice—Chloroform.—Manchester Guardian.

### NATURE TELLS YOU

As Many a Honolulu Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney

ills.

Doan's Kidney Pills cure all kidney ills.

The following testimony proves it: Mrs. Kate Gunn, 474 E. Georgia St., Memphis, Tenn., says: "My kidneys were badly disordered as was shown by the unnatural appearance of the secretions. I could not stand for any length of time, as the pains in my back became almost unbearable. I finally noticed a swelling in my knee-joints and ankles and mornings when I arose I was so stiff that I could scarcely stand. I did not sleep more than an hour at a time and I was very nervous. The physicians whom I consulted said I had marked symptoms of Bright's disease, but their medicines made no improvement. I at last became discouraged and discontinued the doctors' treatments. Finally a friend urged me to try Doan's Backache Kidney Pills and though I had little faith in them, I did so. The results were extremely gratifying and I began to improve at once. In a remarkably short time I was restored to perfect health. I give Doan's Backache Kidney Pills the entire credit for my cure."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name, Doan's, and take no substitute.

## LOTS IN FRUITVALE One Cent Per Square Foot

Or a trifle over for home sites of more than one acre each, adjoining the celebrated Pu-kele Homesteads in PALOLO VALLEY, ten minutes' walk from the car line.

These lots are adjoining the beautiful homes of Owen Williams, William A. Rideout, Charles J. Schoening, Edward F. Patten, and others.

The rear of these lots extends to the hill slopes, from which grand views are to be had. Correct soil for all kinds of fruit.

Let me show you this property. \$500 per acre and up. Map in my window.
